Other facilities or programs are only available as scheduled and booked in advance—canoe use at no extra charge is only allowed for adults, or family members with an adult present, as required by state recreational/educational camp codes.

Swimming is never allowed unless a lifeguard is present. Additional charges for lifeguard apply and must be arranged well in advance for scheduling for guard to come out to the camp from Rice Lake or Spooner. If a member of your group is currently certified as a lifeguard, please provide us a copy of their certification and there will be no extra charge.

## Family Cabin Rentals At Hunt Hill

The two historic Andrews' family cabins are now renovated and available for use by families or small groups interested in spending some quality time at Hunt Hill. Experience the original Hunt Hill much as Frances herself did.

The original Andrews' cabin, built in 1917, and the Log Cabin, built later in the 1930's, both feature hand made construction, hardwood floors, stone fireplaces with original cooking cranes still in use, handmade windows and doors, forged hinges and latches, square nails, some of the original antique beds and chairs, the

original wood stoves in storage in each cabin; as well as some modern improvements like inside bathrooms, running water, stoves and refrigerators, electricity, some dishes/pots/pans, and a fresh scrubbing inside and out. Firewood for the fireplaces is also provided at n/c. The Andrews Cabin is three season only, with no water or inside bathroom fa-
