

Hunt Hill Audubon Sanctuary

Hunt Hill is dedicated to fostering understanding, appreciation, and protection of the environment.

**INTERACTIVE
EDUCATIONAL
FUN!!**

Our programs focus on facts, but approach them using hands on experimentation, team work, relevance to students' lives and exploration.

It is a great local resource that offers students of ALL ages the opportunity to reconnect with nature .

John Muir:

The clearest way into the universe is through a forest wilderness.

Baba Dioum:

"In the end we will conserve only what we love. We love only what we understand. We will understand only what we are taught."
