**Position: Summer Environmental Educator**

**Location: Hunt Hill Audubon Sanctuary**

**Term: Early June through Early-August 2012**

The Friends of Hunt Hill Audubon Sanctuary, Inc. announce seasonal job openings for Environmental Educators at the Hunt Hill Nature Center and Audubon Sanctuary in Sarona, Wisconsin during our busy summer season. Hunt Hill has 400 acres of old-growth forests, prairie meadows, northern bogs and glacial lakes. Hunt Hill is a residential environmental educational center for youth, adults and families. We are located sixteen miles north of Rice Lake near Hwy 53.

### **Summary of Position:**

Environmental Educators will work closely with the Program Director to implement effective and interactive environmental education programs for youth at our facility. Training will be provided.

### **Responsibilities:**

1. Plan and implement fun and hands on environmental education programs.
2. Teach a variety of nature programs to youth.
3. Assist in logistics for programs, including supervision of campers, set-up, and general clean up.
4. Assist as needed with the operation of the nature store, kitchen chores, general maintenance and overall operations on a day-to-day basis.
5. Utilize skills and interests to develop a project at Hunt Hill such as an interpretive display, posters, trail guides, or programs.

### **Requirements:**

1. Experience teaching or working with youth (teaching environmental education programs a plus)
2. Interest in nature, the outdoors and working with youth
3. Enthusiastic, dependable, trustworthy
4. Demonstrated ability to work with minimal supervision
5. Lifeguard certification or willingness to become certified (Hunt Hill provides training)

### **Benefits:**

1. Base salary of \$225 a week with possible increase based on experience
2. Room and board provided

### **To Apply:**

Send cover letter, resume, and references to:

Hunt Hill Audubon Sanctuary

N2384 Hunt Hill Road

Sarona, WI 54870

## So what is Hunt Hill Audubon Sanctuary?

Hunt Hill is a non-profit organization run by a volunteer Board of Directors known as the Friends of Hunt Hill Audubon Sanctuary. Financial support for our organization comes from programs, grants, foundations and membership support.

Nestled in the wooded, glacial hills of Washburn County, Hunt Hill is one of northern Wisconsin's most beautiful and diverse natural areas. Situated on 400 acres of majestic forests, meadow, bogs and pristine glacial lakes, our Sanctuary offers an ideal setting to experience nature. There are 10 miles of diverse trails allowing exploration of the varied habitats.

The main camp (see the photo below) consists of 3 dormitory buildings for overnight accommodations, farmhouse office, a barn that has been converted into a commercial kitchen and dining hall facility, program garage with nature displays and our library with fieldstone fireplace, games and reading materials. We also have 2 cabins available for rent just off the main camp.

Hunt Hill offers a wide range of programs to meet our mission and the needs of our environment, community and world. In 2010 we offered programs such as:

- Adult Language and Culture Immersion Camps
- Canoeing
- Grandparent Adventures
- Stargazing
- Day Camps for Youth on: Dinosaurs, Rocks, Science Experiments, Bugs, Reptiles, etc.
- Compost Bin building, Preserving Foods, Basket Weaving, Jewelry Making, Mitten Knitting, etc.
- Black Bears
- Geocaching
- Maple Syruping
- School Field Trips

### **Interesting Trivia:**

Our name comes from the donor's family. Frances Andrew's family owned the two cabins located just off the main camp. When they used to vacation there, the family would refer to the retreat as Hunt Hill – in honor of their mother, whose maiden name was 'Hunt' and 'Hill' since the cabins were located on top of a hill.

Frances Andrews requested that this land become a Sanctuary (safe place) where ALL living things have the opportunity to live their full and entire lives; where animals are safe from hunting and trees allowed grow and eventually decompose - returning their nutrients back to the soil in which they grew.

L to R: Cross Dorm, Farmhouse Office, Barn Dining Hall, Program Garage, Library

**Our Mission:** Hunt Hill is a nature preserve and learning center, open to all, dedicated to fostering understanding, appreciation and protection of the environment.
