

COVID-19 Screening Questions¹

Please complete the following screening questionnaire within your household the morning of the event. If you can answer “yes” to any of the following questions, please do not attend the event for the safety of all participants.

| | |
|---|--|
| Do you feel ill today or have you had any of the following new symptoms in the last ten days: | |
| <ul style="list-style-type: none">● Fever or chills● Cough● Shortness of breath or difficulty breathing● Fatigue● Unexplained muscle or body aches | <ul style="list-style-type: none">● Unusual headache● Loss of taste or smell● Sore throat● Nasal congestion or runny nose● Nausea or vomiting● Diarrhea |
| Have you had a positive test for COVID-19 within the past ten days, OR Have you been tested within the past 10 days because of symptoms and are waiting for the results? | |
| Within the last fourteen days, have you: <ul style="list-style-type: none">● Had close contact² with someone diagnosed with or tested for COVID-19 because of symptoms?³● Been told to quarantine by a health care provider or local health department because of close contact with someone with COVID-19? | |

If you answer “yes” to any of the above questions, it is your responsibility to not attend the event for the safety of the other guests and Hunt Hill staff.

If you develop any of the above symptoms at the event, you are responsible for leaving the event immediately. If you are not well enough or in need of assistance, you will have to leave under the care of another masked attendee or a medical professional.

¹ This screening questionnaire is based on the [CDC Facilities COVID-19 Screening](#).

² Close contact is considered being within six feet of another person for a total of 15 minutes or more in a 24-hour period. For example, if you are within six feet of someone for three five-minute time periods within a day, that is considered close contact.

³ A fully vaccinated individual no longer has to quarantine after close contact with someone with COVID-19 as long as the vaccinated individual is not experiencing any symptoms of COVID-19 ([CDC](#)).
