**About Hunt Hill**
Hunt Hill is a nature preserve and learning center, open to all, dedicated to fostering understanding, appreciation, and protection of the environment.

Donated to National Audubon in 1954, it is now owned and managed locally by a group of volunteers known as Friends of Hunt Hill Audubon Sanctuary (FOHHAS). FOHHAS has been improving, maintaining, and managing the property since 1989 with an emphasis on nature programming.

Hunt Hill offers a variety of programs for all ages, interests and abilities. In addition to scheduled programs, Hunt Hill can be rented out for retreats, weddings, reunions, educational programming and more.

Hunt Hill protects nearly 600 acres of pristine Northern Wisconsin land. The property is free and open to the public year-round during daylight hours. Visitors can explore over seven miles of hiking trails that meander through old growth forests, around clear glacial lakes, into a floral meadow and across a boardwalk bog.
