Hunt Hill Audubon Sanctuary’s 2022 Annual Report
A Note from the Executive Director

2022 was another big year for Hunt Hill! This report overviews many of our accomplishments, but I’d like to draw special attention to 3 big changes we went through this year.

**Staffing:** At the end of 2021, FOHHAS approved the dissolution of our Program Director position and in its place created two new positions: Group Coordinator and Program Coordinator. Sage Dunham stayed on as our Group Coordinator where she works to improve our volunteer program and coordinate more contracted events and programs. We were also lucky to hire Darcy Lilla to be our Program Coordinator. In her role, she leads all public programs for Hunt Hill. It was a busy but great year with these two overseeing our programs.

**Technology:** We like to save money and we like to make every dollar count. However, at some point we have to admit that cobbled together duct taped outdated - Frankenstein-esque systems are just counterproductive. This year we committed funds to new computers and a new online platform to help us better manage program registrations, facility rentals, and membership information. After a lot of research and a lot of time to set it all up, we are looking forward to introducing our new online platform, in partnership with PerfectMind. On the new system, visitors will create a Hunt Hill account and then have easy access to renewing memberships, signing up for programs and staying up to date on their Hunt Hill interactions. The new system is a big change for all of us and will take some getting used to, but our staff are looking forward to this robust system.

**Kicking Off Construction:** Thanks to 3 incredibly generous individuals, Hunt Hill has kicked off another facility improvement project! It was a hard decision, as we have great fondness and love for our camp buildings and history, but we have found that some of our facilities still fall short on adequately meeting the safety and accessibility needs of our visitors. In place of the shower house we are in the process of constructing a new building that will include: public restrooms, showers and changing rooms for our overnight visitors and a welcome center with offices. Construction will continue into May of 2023.

Whenever change seems overwhelming, I think of the quote, “Without change, there would be no butterflies” -Unknown. I hope you will find that the changes we make now have positive effects on Hunt Hill and for you for years and years to come.

Nikki Janisin
1. **Program Staffing**

The Program Director position was split into two: Program Coordinator (PC) and Group Coordinator (GC). The PC handles all public programs and the GC works with all contracted programs and events. The Executive Director coordinates all special events.

2. **Groundbreaking on a New Building Project**

Volunteers salvaged a significant amount of material from the old shower house which will be incorporated into the new building. Groundbreaking began in the fall for the new building which will feature public restrooms, secure changing rooms and showers for our program participants, and a welcome center with offices.

3. **Online Software**

After a rigorous search, FOHHAS chose a new online platform to manage membership, program registrations and donations. Office Manager, Sally, spent most of 2022 learning and building Hunt Hill’s platform, which is hosted through PerfectMind software.

4. **Trail Improvements**

With donations from John Haack’s memorial, the Vole trail was leveled, re-routed and widened to make the trail more user friendly for visitors of varying mobility. The new trail still meanders the prairie, but now also overlooks the beaver pond and has better accessibility to Twin Lake at Heron Point.

5. **Vehicles**

Thanks to an incredible donation by Link Ford in Rice Lake, Hunt Hill received a free lease on a 12-passenger van with a very cool wrap featuring Hunt Hill’s and Link Ford’s logos on it! Hunt Hill was also able to purchase a new-to-us electric golf cart thanks, in part, to a donation from Barron Electric. These vehicles will help us to safely and reliably move visitors and equipment around camp.

6. **Memberships**

In 2022, Hunt Hill began recognizing all donors that gave unrestricted donations as members of FOHHAS (previously donors were not recognized as members unless they explicitly requested a membership). In addition, members got the option to register early for popular programs like Day Camps.
FACILITY UPDATES

Received 12-Passenger Van
Improved the Vole Trail

Fixed the Bog Boardwalk
Added Second Field Parking Entrance

Salvaged Material from the old Showerhouse
Began Construction

By the Numbers

2022 Membership Distribution

We have 712 members in 2022 - 21% more than 2021, per our formula.

78% of members are located in Wisconsin
10% of members are located in the other light blue states
12% of members are located in Minnesota

*Formula based on 3 individuals per family; all other membership levels counted as singles.

Budget and Income Overview

Unrestricted Income Sources

As of September 30, 2022
Budget Summary

Assets - Liabilities = Equity
$8,169,115 - $9,219 = $8,159,896

Income - Expenses = Net Income
$1,679,442 - $333,039 = $1,346,403

Net Restricted Inc. → Net Unrestricted Inc.
$1,379,699 → ($33,296)

Restricted -vs- Unrestricted Income
Designated Donation income is given for a specific use like an endowment, a particular project, or specific equipment purchase. Unrestricted is for any use.

Total Endowment Funds
• We have $3,676,805 in endowment accounts. We are able to withdraw up to 4% of the 3-year rolling average from each account as long as the balance doesn’t go below the original amount gifted.
• It was decided to not withdraw any money from the endowment accounts in 2022 because there were sufficient funds to cover the net loss of income.

Memberships
At the end of 2021, FOHHAS approved acknowledging every donor as a member.
FOHHAS also offered early registration benefits to members.

These initiatives helped increase membership by 155 individuals, by formula, compared to 2021.

Restricted Funds

Through the generosity of 3 donors, Hunt Hill has begun building a new welcome center, office and shower house. To date, we have received $1,350,000 toward the project cost. A total of $484,000 has been paid out in architect and construction costs as of September 30, 2022.

This type of large donation can misconstrue the look of Hunt Hill’s income. The restricted donation can only be spent in achieving the goal of the donor.

Hunt Hill is very fortunate to receive the sizeable donation and grateful for the beautiful, new building being built.
A Glance at 2022 Programs and Special Events

New Programs & Special Events

This year, we saw an overall increase of participation in new and repeat programs and special events. Public programs are programs that align with Hunt Hill’s mission to create opportunities for all people to learn and connect with nature. Special events encourage and invite new friends to Hunt Hill, like a “Friendraiser”.

In April, we offered not one, but two Diamond Willow Walking Stick Workshops and Frog Call Counts due to overwhelming interest.

Jazz Night, one of our new special events, saw 78 people attend a beautiful night of jazz music in our outdoor amphitheater. At our Pints on the Prairie, we had 150 participants attend and enjoy brews from 4 local breweries. These programs and events were very successful in bringing new people to Hunt Hill and we look forward to offering them again.

New Changes to Youth Day Camps

This summer, we experienced many new changes to our Youth Day Camps. Due to the increase in attendance of 5 and 6 year olds to day camp, we were required to apply for a daycare license in order to support having 5 and 6 year olds attend day camp. We also partnered with WisCorps to fill summer staff needs this year. WisCorps, Inc. is a 501(c)(3) conservation corps that engages young adults through active stewardship of Wisconsin’s communities.

We succeeded in hosting three wonderful educators to lead our youth day camp lessons and activities. Due to only hiring three summer staff, it was all hands on deck this summer as we had many of our staff and volunteers help with day camp. We offered 3 weeklong camps as well as 14 individual day camps for a total of 29 days of camp. We had an average of 21 campers attending each day. Despite this summer’s challenges, we provided 616* camper days filled with memorable and fun Hunt Hill Youth Day Camp experiences.

Breakdown of Public Programs

- **37** Public Programs
- **125** Program Hours
- **806** Program Participants

Note: These do not include special events

Reflections on 2022

by Sage Dunham, Group Coordinator

In 2022, we created a new role called the Group Coordinator. This new role has allowed me to build even stronger connections with our community partners and develop a variety of ways to engage both at Hunt Hill and in the surrounding areas. This year, outreach programs were especially successful in reaching groups that otherwise might not be able to come to Hunt Hill. Outreach activities included leading clubs at after school programs, giving presentations to local organizations, offering virtual classes, having booths at community events, and leading hikes and canoe programs for private groups. I feel optimistic that this increased presence in the community will lead to even greater awareness and participation at Hunt Hill.

Volunteers

Featured:
Thom Gerst
Board Member & Volunteer

Thom has been an advocate for more advanced adult trainings at Hunt Hill. This year, he revived & facilitated the Master Naturalist program at Hunt Hill. Registration for the class was filled the week it opened! Participants raved about what a great experience it was. We couldn’t have done it without Thom’s passion & drive!

One Master Naturalist participant said, “I can’t say enough good things about this program. Even after wanting to do it for years, the program exceeded my expectations in every way. It’s obvious how much time and effort our instructors took in planning our field experiences and finding knowledgeable, passionate speakers for every topic.”
2022 Volunteers

Volunteers cleaned and organized our facilities, moved bog mats, cooked and served food, kept our trails safe, set up tents, registered guests, set up for programs and special events, maintained and planted gardens, and so much more! We truly appreciate all of the time that our volunteers have given.
